6. Implementation Consultation – Injury Management & Return to Work

We would like to submit a proposed change to the draft consultation papers regarding Return to Work Case Conferences, directly relating to persons who may attend as per below:

Persons who may attend

The following persons may attend and participate in return to work case conferences:

- the worker and any support person (union, legal representative, authorised agent, family member, carer)
- the employer and / or the employer’s insurer
- the worker’s treating medical practitioner
- an approved WRP.

We would respectfully request that Allied Health Providers be included on this list for the purpose of providing feedback on current capacities and restrictions as objectively measured during the conduction of an exercise-based program, to assist in identifying any modifications which may be required to the workplace or work equipment. The inclusion of an Allied Health Provider in this meeting would be at the request of an employer or insurer, the treating medical practitioner, or an approved WRP only.

Kind regards,

Alix Marion (B.Sc. Exercise Physiology)

Senior Accredited Exercise Physiologist | ESSAM, AES, AEP
