I have reviewed the Consultation Papers that are of Particular relevance to me including

- Regulation 20 Implementation consultation- Noise induced hearing loss-I am happy and agree with the all the changes including abandoning the baseline screening hearing tests.
- Regulation 24 Fees order for Medical Services. I agree with all change.
- Regulation 27 Fees Order for Permanent Impairment Assessment services. I believe the word "Medical" should be added so that APIA becomes APMIA-Approved Permanent Medical Impairment Assessor. This is to indicate that a Medical Specialist is making the impairment assessment.

Yours sincerely
