Good morning

Please see below submissions from The Recovre Group for consultation papers 1-19:

#4 - Certificates – no comment

#6 - Injury Management and RTW

Specifically relating to Case Conferencing

In relation to “matters that cannot be discussed” & challenging the treating medical practitioner’s diagnosis, medical assessment findings or certified capacity for work:

- It is our belief that WRP’s should be able to use their clinical knowledge & any other certified reports regarding capacity/pathology i.e. FCE’s to discuss the TMP’s certification of capacity for work

#9 Health Expenses – no comment

#12 Workplace Rehabilitation Services

In relation to comment on page 3 and “Controls on travel”. What are the controls? What are they likely to entail? (caps on travel etc) Can we be provided with some more clarity around this specifically.

#13 Approval Framework for WRP’s

In relation to WorkCover WA’s intention to convert all existing WRP’s to an indefinite period of approval – we are seeking clarification whether or not this needs to be sought or given automatically.

Please see below submissions from The Recovre Group for consultation papers 20 & 24-27

#20 – No comment

#24 – No comment

#25 – No comment

#26 – we are seeking clarification on return travel as this has been charged in the past

#27 – No comment

Kind regards
